To the RMH Family,

As we begin to try and find some sort of normal out of the rubble of the craziest time most of us have ever seen, there are more questions than answers surrounding day to day life. Minor sports are no exception. Although you will start to see information regarding the “phasing in” of a return to hockey plan, the reality is everything you are seeing now is at best inconclusive. There are multiple governing bodies at play trying to make decisions surrounding the success of opening the social phases which remains to be proven. We are in contact with CAHL, Hockey Alberta, and neighbouring associations. At this point all we can do is be prepared for whatever our season looks like when it happens. I encourage you to take advantage of the online registration system as soon as possible when up and running to give us an idea of what we have for kids coming back. No matter where you played last year, short of a few exceptions in female hockey, all Redcliff zoned kids will have to be registered as such to start with. We will go forward with our 20-21 AGM and form our new season board to be as ready as we can be. Concrete information will be posted on the Facebook page and the website. For the time being try and enjoy the summer and we will keep you as informed as possible.

Regards,

Bruce Johnson
President RMHA
